Owner and MD of  
Global Fairs TT-Messe  
Osnabrück, Germany

## THE NEW DIGITAL LIFE in the RESELLER PARK at IFA Berlin

Dear IFA exhibitors and trade visitors,

In the new age of IoT, a trade fair is only successful when it succeeds to adapt proactively by constant modification, change of focus and realignment to the progressing market conditions. The trade fair has to offer an optimized platform – instead of only reacting to markets.

On the other hand, fast pace and changing markets require reliable continuity in the business relationships and the existence of future-oriented, structured-themed worlds as a meeting point – the role played by an industry show. By communicating to all market participants, the trade fair can build a bridge between the present and future. Such a constant among other IFA platforms (e.g., iZone) is our RESELLER PARK.

For 17 years, we have been able to successfully adapt and serve our B2B clients with insight into the future as well as deals on current technology. The relocation of the RESELLER PARK to bigger space in Hall 25 has proved a lucky strike as demonstrated last year by the quality and quantity of trade visitors and our satisfied exhibitors in the RESELLER PARK.

Welcome to the New World of Digital Life in the RESELLER PARK!

Yours

Jan Nintemann

## IFA EXHIBITION GROUNDS 2016

RESELLER PARK  
HALL 25  
STAND 110

**Bob Snyder**  
Channel Media Europe

We've supported Reseller Park every year for more than a decade because this idea for a trade-only meeting place for international buyers & sellers is the most important platform for doing business at IFA Berlin.

We felt then, as we do now, that IFA's biggest purpose should be to bring together buyers and sellers from the channel. And we're pleased that Reseller Park achieves that goal.

We publish weekly eNewsletters for dealers/resellers/ distributors in Europe and Middle East. We focus on international-level news & analysis.

- **Consumer electronics...**Gadgets...TVs... Accessories... Audio
- **Apple(TM)-related accessories...** phone... tablet... home... smartwatch
- **Mobile devices...** smartphones... tablets... accessories... laptops...
- **Connected TVs...** Home networks... Home Automation
- **Displays...** digital signage... videowalls... projectors
- **Drones...** commercial... consumer...
- **3D Printers...** filaments... software
- **IOT...** sensors... software... systems

You can expect to see products & trends BEFORE they reach your national market. You can read the best analysis of where your business is headed. You can meet vendors before they come to Europe & Middle East.

Last year readers clicked more than 2 MILLION times on our editorial items alone. Please take a look at our web sites and request any or all of our FREE eNewsletters.

# 16 YEARS EXPERIENCE IN ORGANIZING B2B CHANNEL PLATFORMS

## ON WORLD LEADING FAIRS IN EUROPE

Where you can measure our success by the increase in both quantity and quality of trade visitors from the show

We are organizing business platforms as a show-within-a show at CeBIT Hannover and IFA Berlin that works best for companies that want to maximize contact with professional trade and system-integrate buyers within an event best known for special sectors and consumer attraction.

- Turnkey participation or custom-built stands
- Common business lounge with refreshments
- Powerful promotion to dealers, distributors and Systemintegrators
- B2B or B2B2C configuration and options
- Excellent service and organization
- Cost-effective participation
- Join brand-name manufacturers and world-class distributors

Optoma is a world leading designer and manufacturer of projection and sound products for business, education, professional audio/video and home entertainment.

Optoma's projection products combine superior image processing technologies with exceptional engineering and innovation to deliver stunning crystal clear images with ultimate reliability.

Optoma projectors use DLP® technology, pioneered by Texas Instruments. This uses millions of mirrors to produce high quality imagery which does not suffer colour degradation over time, as sometimes experienced in other projector technologies.

The Optoma NuForce sound range is designed for people that care about audio. They are built from premium quality components to deliver sleek design and exceptional sound.

The Optoma Group has continental headquarters in Europe, the USA and Asia; whilst Optoma Europe, based in London, covers Europe, Middle East and Africa (EMEA). Local services are delivered from regional offices in France, Germany, Norway, Spain and the Netherlands and sales representatives in the Czech Republic, Dubai, Italy, Poland, Russia, Romania and Saudi Arabia. ## DEALERS ONLY

DEALERS ONLY / UP2MEDIA AG [HALL 25 · STAND 110 · LOUNGE]

Country: Germany

Contact: Mr Mike Volz

Email: [volz@up2media.de](mailto:volz@up2media.de)

Phone: +49 6321 8998-0

Web: [www.dealers-only.de](http://www.dealers-only.de)

DEALERS ONLY is the independent industry journal for resellers of information technology solutions (hardware components, monitors, printers, IT products, network technologies, consumer electronics, digital engineering and much more). DEALERS ONLY provides essential branch-specific expertise:

Permanent topical headings provide up-to-date information on sales promotion programs, trade news, training programs, market analysis, marketing, legal aspects, trade fairs, promotional events and of course on the latest innovations in the information technology sector, among other things. Our many years of industry publishing experience guarantee optimal transmission of information and a high level of response among resellers. DEALERS ONLY is published 27 times annually and is delivered to the specialized dealer for free.

# Telecom Handel

TELECOM HANDEL [HALL 25 · STAND 110 · LOUNGE]

Country: Deutschland

Contact: Mr Denis Motzko

Email: [denis.motzko@nmg.de](mailto:denis.motzko@nmg.de)

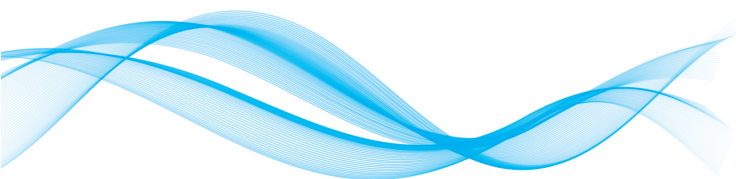

Web: [www.telecom-handel.de](http://www.telecom-handel.de)

Telecom Handel reports fortnightly on cutting-edge, hands-on and sales-oriented basis about new products and business strategies in the field of telecommunication devices and services. Telecom Handel mirrors the telco market and offers insights about all important topics to the point of branch related contents like home entertainment, PDAs and digital photography.

Telecom Handel's target groups are the classical telco- and mobile phone retailers, system vendors and the corresponding departments in electronic entertainment and multimedia retailers, computer and office equipment retailers (qualified target group dispatch).

Telecom Handel reports fortnightly on cutting-edge, hands-on and sales oriented basis about new products and business strategies in the field of telecommunication devices and services. Telecom Handel mirrors the telco market and offers insights about all important topics to the point of branch related contents like home entertainment, PDAs and digital photography.

Retailers will find in Telecom Handel exclusively investigated overviews on products and vendors. Furthermore, you will be provided with market reports, shopping guides, mobile phone tests as well as with lists about prices and tariffs. Periodical readers' polls evaluate manufacturers, telephone companies and distributors and do thus round up the range of information for the telco branch.
